---

Hey Folks,

Please review the attached memo and let me know any comments you may have. I would appreciate your comments by 8/31/11 if possible. FYI, this information is also identified in the draft Preliminary Site Characterization Report.

Thanks,

Gary Miller, P.E.  
Remediation Project Manager

**Subject:** San Jacinto River Waste Pits Superfund Site Data Gaps Memorandum

---

Gary – As requested, the attached memorandum provides a summary of the data gap issues identified in the San Jacinto River Waste Pits Superfund Site Preliminary Site Characterization Report. We think it is important to resolve these issues as soon as practical to meet RI/FS schedule milestones, and so that we can collect any tissue data during a similar annual cycle as the previously collected tissue data. We had discussed potentially meeting on August 18<sup>th</sup>, pending your and other agency personnel's review of the attached. Please forward for review by others as appropriate and let us know if you have any questions or concerns you would like to discuss.

The file has also posted to the project Leapfile portal under SJRWP - Working Documents. We will also send the required hard copies by overnight delivery.

Thanks,  
David
